

# **Recording Hash Cash on Harrier Central**

**Important  
Disclosure:**

**Harrier Central  
NEVER Processes  
Payments**

**Harrier Central  
allows Kennels to  
record Hash Cash  
paid via cash,  
bank transfers or  
electronic  
payments: PayPal,  
Venmo or Zelle.**

**Note: Harrier Central DOES NOT have access to any bank accounts or any other electronic payment accounts. We are helping your Kennel track amounts not the payments themselves.**

# Adding New Hashers

In order to track Hash Cash, you need Hashers to track. Go to [portal.harriercentral.com](https://portal.harriercentral.com) to add new Hashers including their historical run counts. If those Hashers then want the app, give them the Invite Code to avoid creating a duplicate account.

# Changing Hash Cash

Go to Other within Edit run details to change the Hash Cash from the default amount and/or to add an extra, such as a BBQ or dinner.

The screenshot shows the 'Edit run details' screen in an app. At the top, there is a teal header with a back arrow and the text 'Edit run details'. Below the header is a navigation bar with four tabs: 'Details', 'Map', 'Image', and 'Other'. The 'Other' tab is selected and highlighted in red. The main content area has a light green background with a faint map pattern. It contains several sections of text and input fields:

- A yellow button labeled 'Run data from Harrier Central'.
- Text: 'Enter hares here. These names will be presented in addition to anyone who has RSVPed as a Hare using the app'.
- A white input field labeled 'Hares'.
- Text: 'Harrier Central automatically numbers runs. But if there is a reason to override this, you can manually enter a run number here.'
- A white input field labeled 'Event Number'.
- Text: 'Enter in the hash cash amount here if it is different than the normal hash cash value.'
- Two white input fields: 'Member price' and 'Non-member price'.
- Text: 'If you have extra charges associated with your run, such as for dinner, you can put in the price and description here.'
- Two white input fields: 'Price for extras' and 'Description'.

# Manual Check In

To record Hash Cash, click on the Manual check in button for that trail.

# For Cash Payments

Swipe left on Hasher's name to record cash payment. Green \$ will appear in third dot.

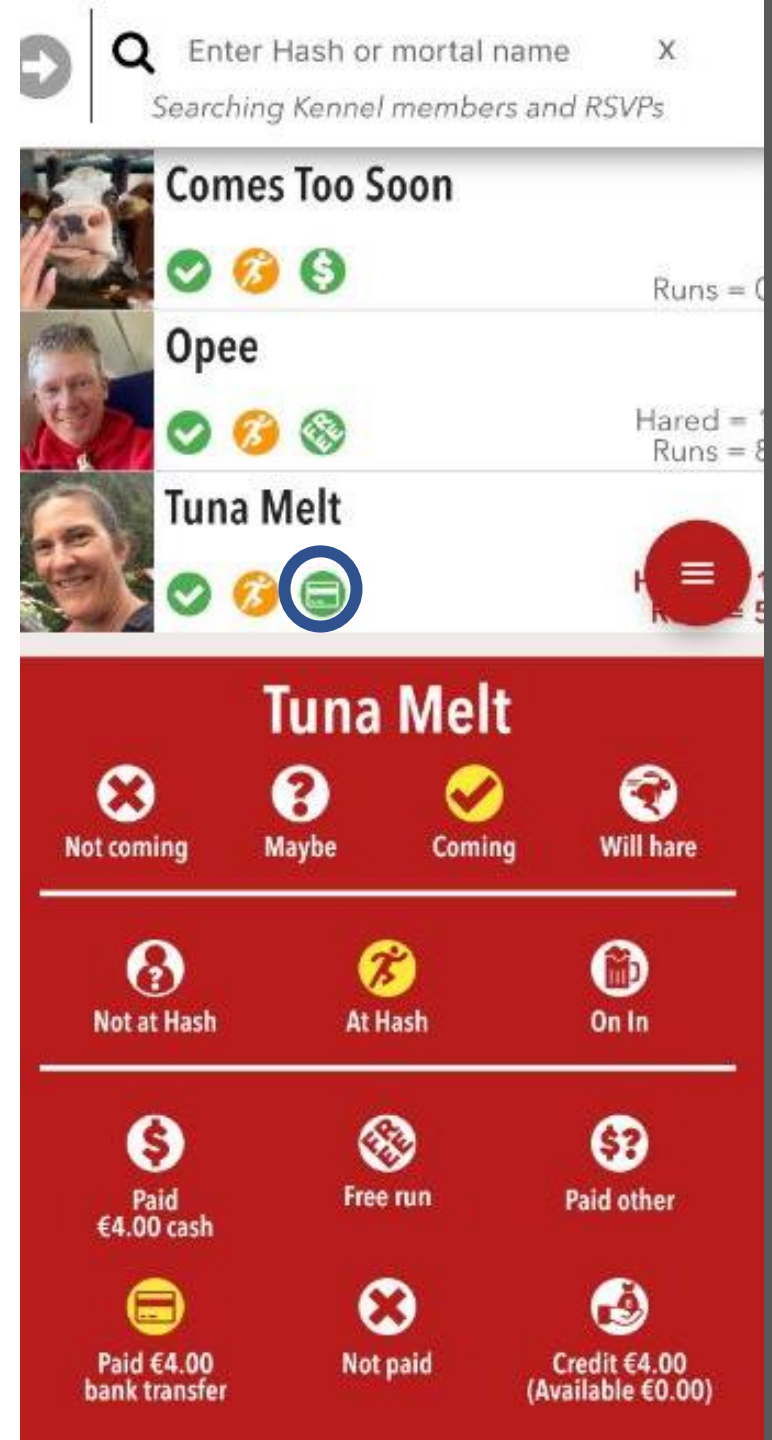

# For Electronic Payments

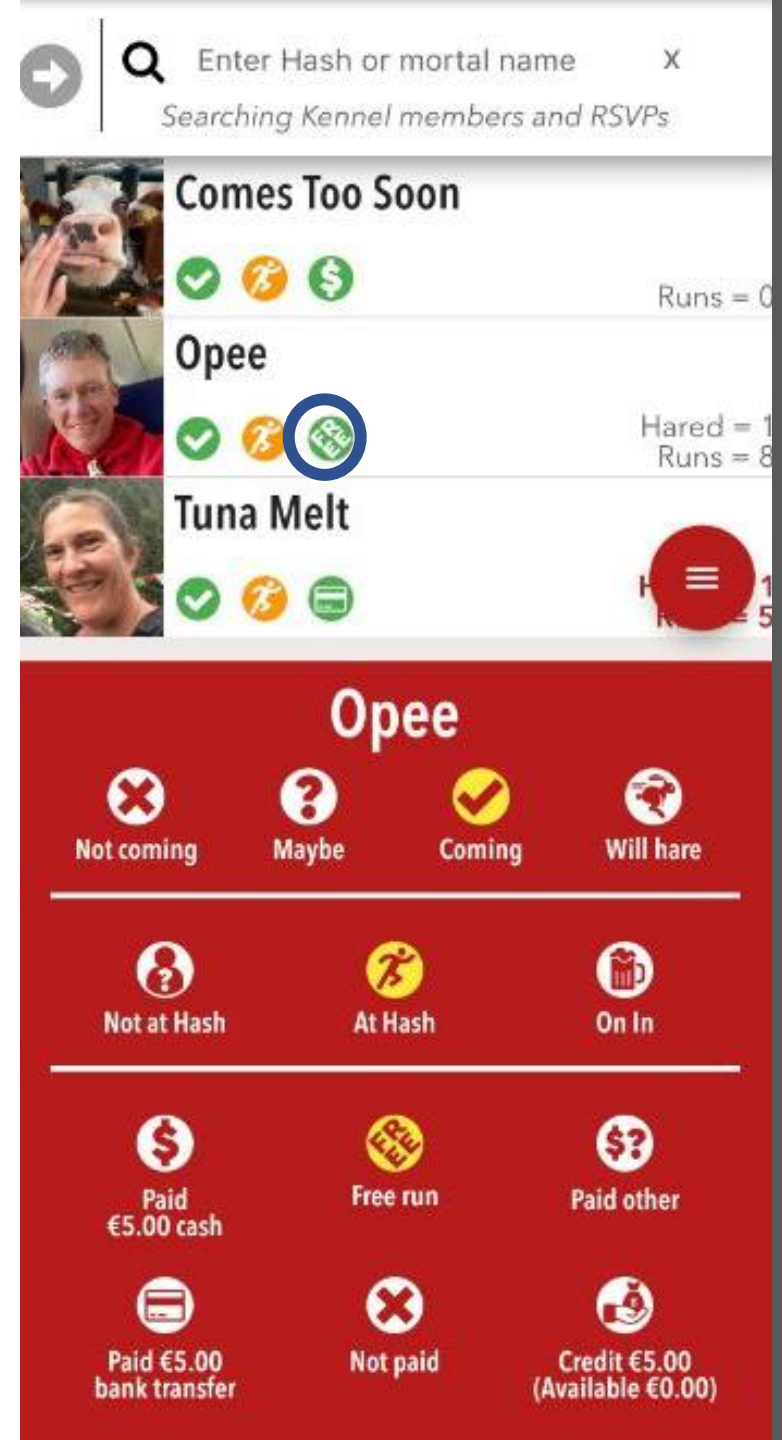

At run start, anyone with Hash Cash admin permissions can swipe right on Hasher's name to record electronic payment (bank transfer, PayPal, Venmo or Zelle)\*. Green debit card will appear in third dot.

\*Harrier Central **never** processes payments.

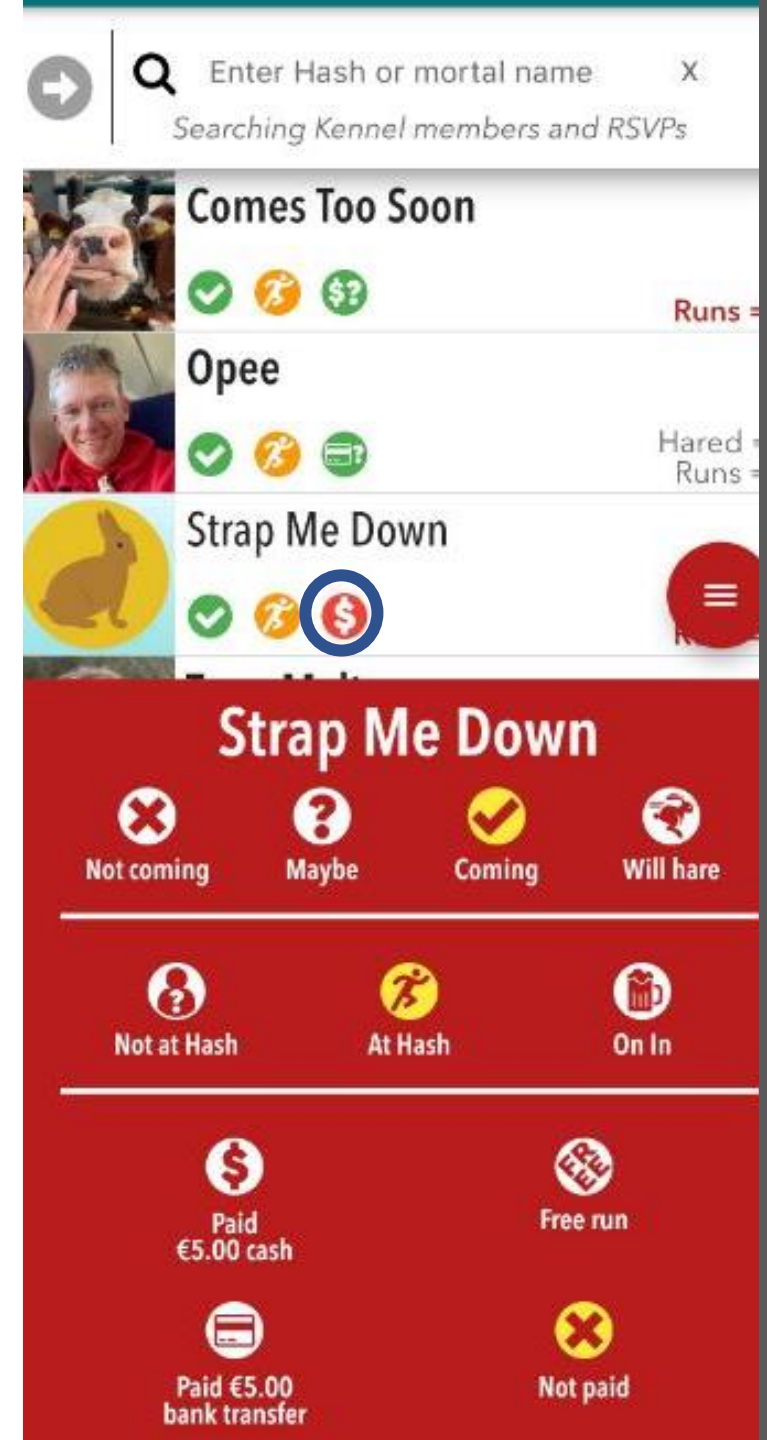

# For Free Runs

Some Kennels allow the Hare and/or Virgins to Hash for free. Click on their names and click on Free Run. Green FREE will appear in third dot.

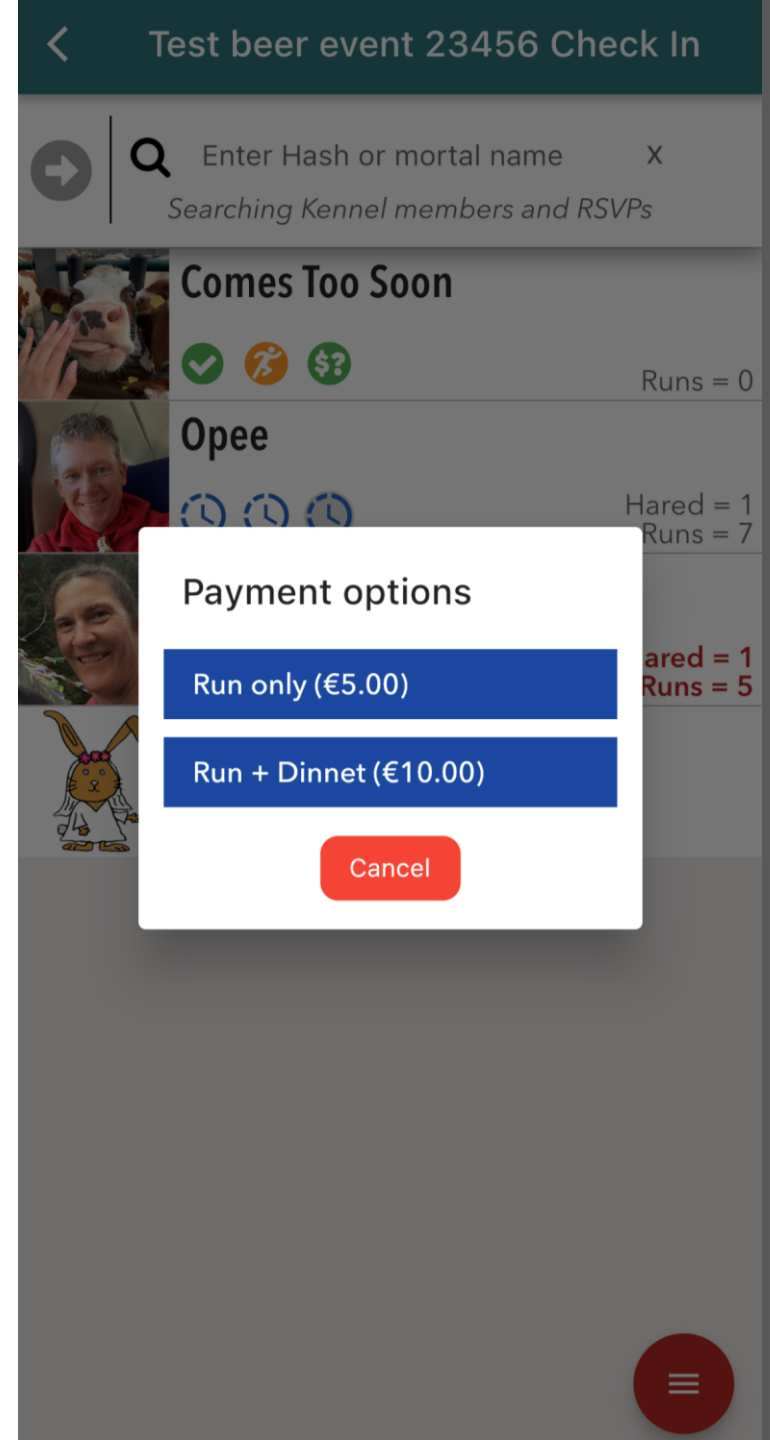

# Unpaid Hash Cash

If a Hasher has checked themselves into a run on their app, but hasn't paid yet, a red \$ will appear in the third dot.

# Hash Trail Extras

If there is an optional extra, such as a BBQ or dinner, Hash Cash will reflect which amount that each Hasher paid.

# Other Payment Options: Special Run Price

It is possible to change the run price for a specific Hasher when recording their payment. For example, if they get a discount or have extra to pay for haberdashery.
