

**For Super
Admins Only**

**Changing
Mismanagement**

Mismanagement

It is easy to include a list of Mismanagement on the home page for your Kennel

The screenshot shows a mobile application interface for 'HCTEST'. At the top, there is a teal header with a back arrow and the text 'HCTEST'. Below the header is a map of Europe with a pin on Amsterdam, Netherlands. The map shows various countries and cities, including London, Paris, and Amsterdam. Below the map is a yellow progress indicator. The main content area lists the following information:

- Location: The Hague, Netherlands
- Last run: Sat, May 28, 3:00 PM
- Next run: <no run found>
- Hash cash: €5.00 (members)
€5.00 (non-members)

Below this information is a yellow rounded rectangle containing the following mismanagement items:

- GM: Opee
- RA: Tuna Melt
- Hash Cash: Comes Too Soon
- Cunning Linguist: Opee

At the bottom of the screen, there is a red button with a globe icon and the text 'Open website'.

Changing Mismanagement

(1) Click on Manage
Members

Note: Only the Super
Admin can change
Mismanagement roles

Harrier Central Test Kennel

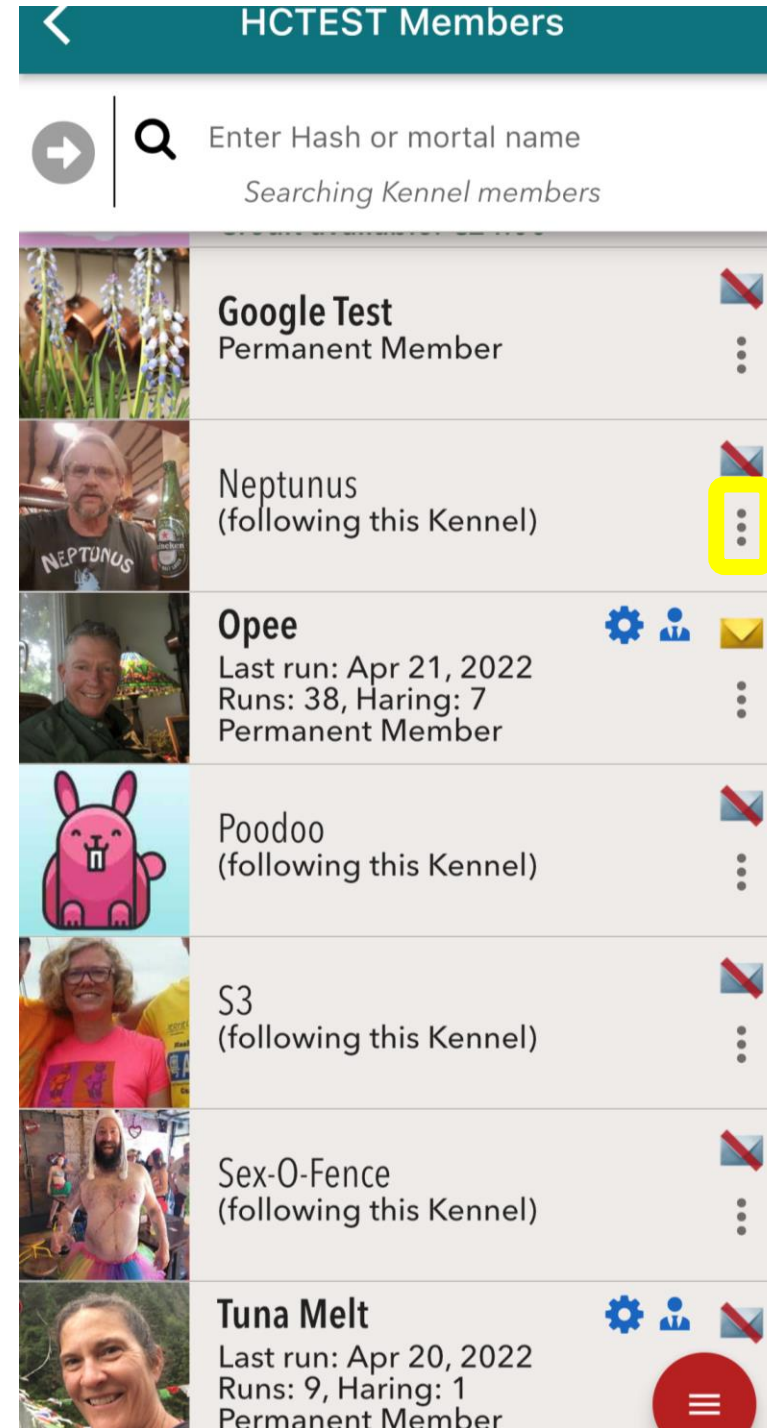

Kennel Admin Functions

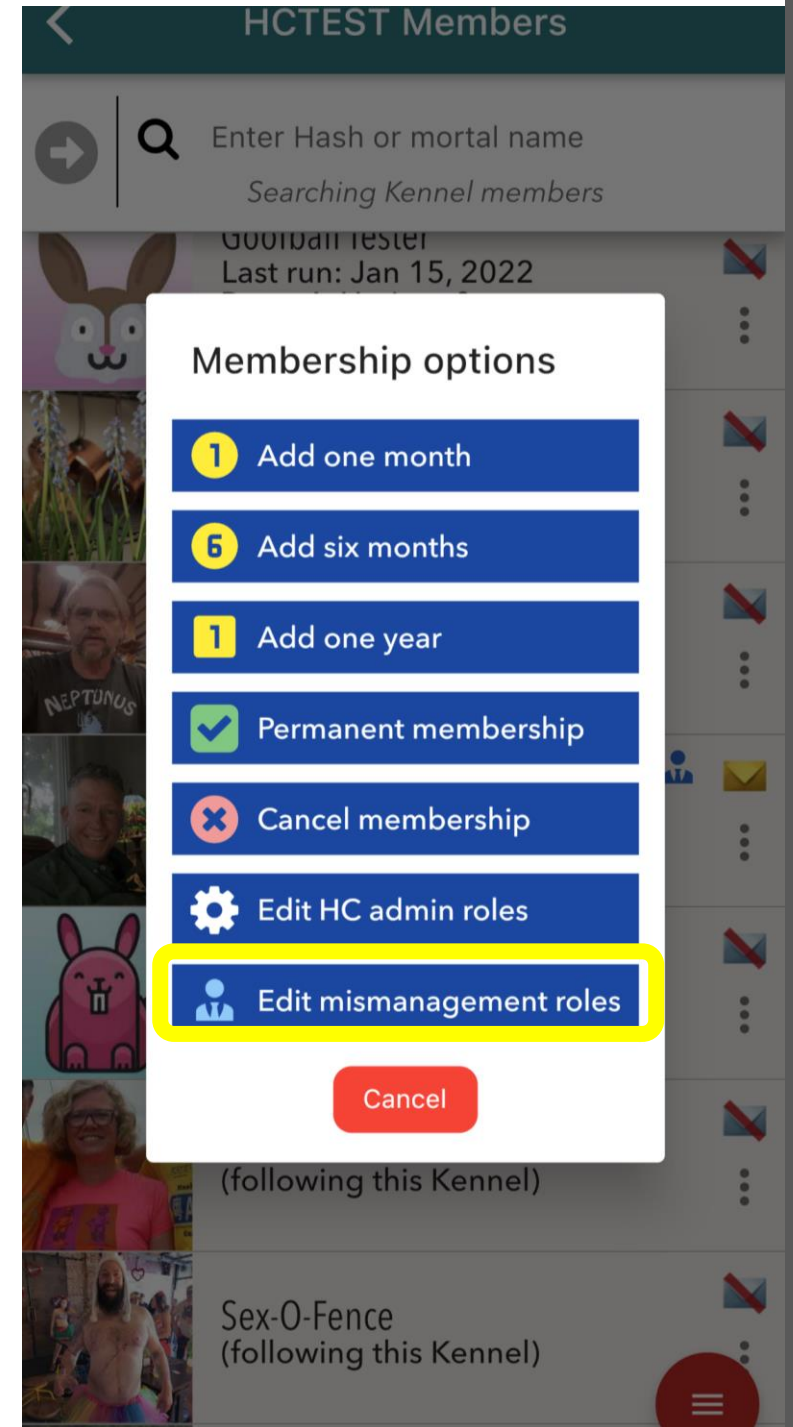

Changing Mismanagement

(2) Click on the three dots next to the hasher's name

Changing Mismanagement

(3) Click on Edit
mismanagement roles

Changing Mismanagement

(4) Click on the appropriate roles for new Mismanagement
or

Unclick to remove old Mismanagement

(5) Save changes

A screenshot of a role selection interface. The background is light green with faint footprints. A list of roles is shown with checkboxes. The 'Hash Cash' checkbox is highlighted with a yellow box. A horizontal line separates the first group of roles from the second group.

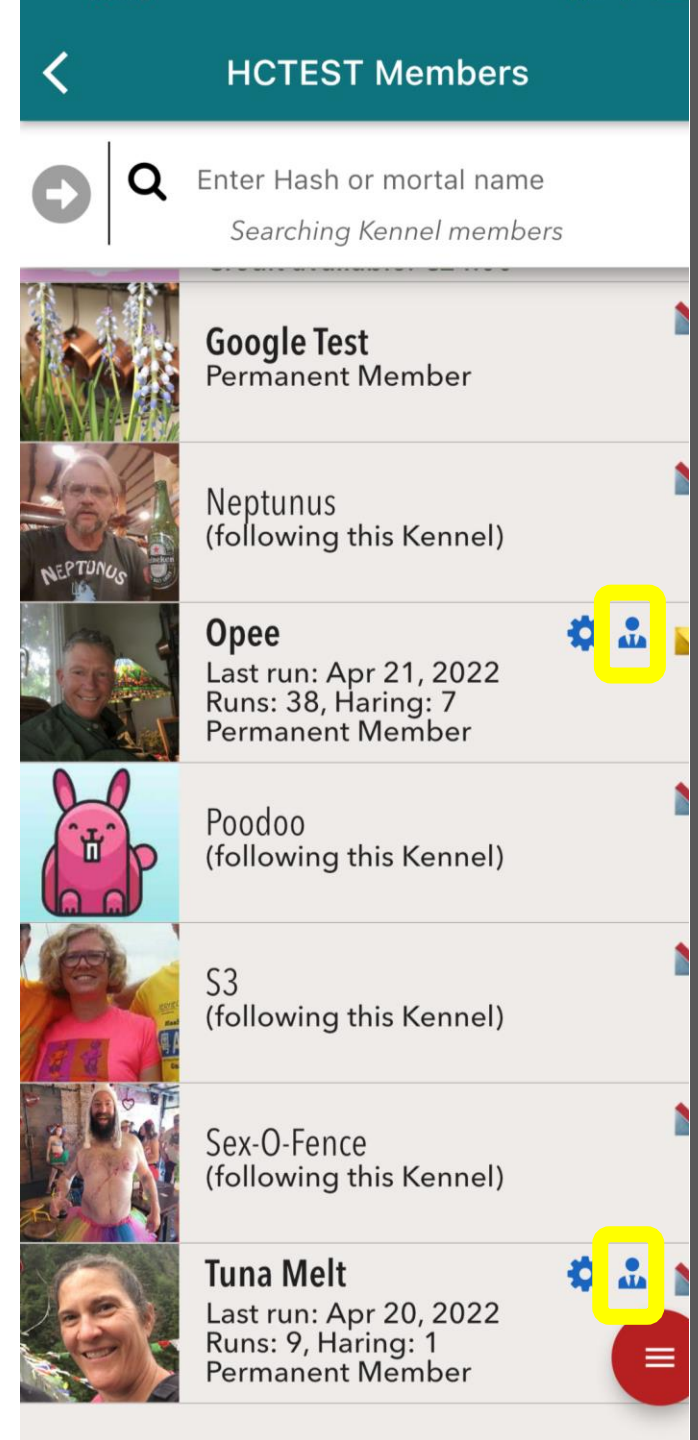

- Grand Master/Mistress (GM)
- Vice GM
- Religious Advisor
- Hash Cash

- Hash Flash
- Hash Harlot
- Hash Hugs
- Hash Sweep

Save changes

Mismanagement

All Mismanagement will have a blue person icon next to their name

While Hashers can be on Mismanagement without being a Harrier Central Admin, if you are **adding new** Mismanagement or **removing old** Mismanagement, you will want to consider changing HC Admin access for those hashers.
